## The B.R.I.D.G.E.

At Springfield United Methodist Church, we have a desire to live out the principles of our mission of *Leading People to Follow Christ*. In keeping with that mission, we believe that Sunday School is the primary place for building relationships, enjoying fellowship, and supporting one another with our prayers, our service, and our time.

Because relationships serve such an important role in each of our lives, **The B.R.I.D.G.E.** (Sunday School) **Ministry** has been created. It is the focus and goal of this ministry to *“bridge the gap”* between “attending church” and fully participating in a Christian community. It is the aim of **The B.R.I.D.G.E. Ministry** to aid in providing an opportunity for Christian fellowship in every *age* and *season of life*.
